What makes an NSA ram sale different?

Only NSA members can sell at an NSA ram sale, allowing NSA-approved inspectors to check every animal before sale for testicles, teeth and general health.

Sheep with performance recording records are available and clearly marked in the catalogue.

All stock is sold under auctioneers' conditions of sale, with additional assurance from NSA Ram Sales if something goes wrong and the buyer needs to contact the vendor.

Different breeds and vendors are brought together in one place, offering sheep reared in every environment in the UK to fit all market specifications.

Buy and sell the best at an NSA Ram Sale!
