Cattle Entry Forms

We would like to remind our customers of the importance of correctly filling out Cattle Entry Forms. **ALL cattle must be accompanied by a fully completed and signed entry form to include the TB testing interval and date of most recent test along with Farm assurance details and any reserves.** Cattle entry forms can be collected from the market office or downloaded from our website. If you have any questions, please ask a member of staff or call us on 01664 562971.

Farm assurance status

Would all cattle vendors selling cattle as Farm Assured please ensure that their Farm Assurance is up to date, with all linked holdings registered to the primary holding, and ensure that the stickers used in passports match the details held by the administering Farm Assurance body. We are increasingly having issues with linked holdings not being covered under a primary FABBL account, and severe deductions are being applied at the time of slaughter. In such instances, the vendor is liable for all deductions made.

Named/Numbered Sires

Vendors are advised that named sires must be officially printed on the passport of the animal and not handwritten. We will not sell animals as being named or numbered sire if the sire details are not printed onto the passport. Sire details may be checked with the breed societies online to ensure that they are correct. Please also include sire details on your blue entry forms which accompany cattle to market. Thank you for your cooperation.
