BLUETONGUE UPDATE

Defra has extended the period of relaxed controls until 1 July 2025 when the whole of England will be in the Restricted Zone. Up until 11:59pm on 30 June, the controls listed below will apply, but after then there will be free movement with no testing requirements for all animals in England (though germinal products will still require a licence and testing). This is what we have been campaigning for since the start.

The situation for Wales and Scotland is different and may evolve further ahead of 1 July. Should you wish to take animals from Market to Wales or Scotland please contact us for the latest information. We continue to be able to sell animals from throughout the UK.

Situation between now and 1 July

The Market is treated as 'neutral' for movements, as it is for TB.
