Sale Warranties – Re: Bluetongue

All animals are sold as having no known "clinical signs of Bluetongue" at the time of sale. However, no warranties are given post sale.

It is the responsibility of prospective purchasers to inspect the animals before purchase, to satisfy themselves that the animals they intend to purchase have no clinical signs of Bluetongue infection.

All Animals are sold "as seen", with no warranties given for the presence of Bluetongue infection following the fall of the hammer ("contract for Sale")

The only protection against Bluetongue is vaccination – the LAA strongly recommends that members encourage their customers to vaccinate their stock to protect them.
