Sale Warranties – Re: Bluetongue

Announcements should be made pre-sale, that all animals are sold as having no known "clinical signs of Bluetongue" at the time of sale. However, no warranties are given post sale.

It is the responsibility of prospective purchasers to inspect the animals before purchase, to satisfy themselves that the animals they intend to purchase have no clinical signs of Bluetongue infection.

All Animals are sold "as seen", with no warranties given for the presence of Bluetongue infection following the fall of the hammer ("contract for Sale")

The only protection against Bluetongue is vaccination – the LAA strongly recommends that members encourage their customers to vaccinate their stock to protect them.

Autumn Show & Sale 2026

REGISTRATION AND INSPECTION

All entries in the British White cattle section are registered with the British White Cattle Society and sold under the auspices of the BWCS, subject to Society inspection on the day. Calves sold at foot do not have to be registered at the time of the sale. Any animal(s) failing Society inspection may still be sold through the ring with details to be stated by the auctioneer.

HEALTH TESTING

Any health testing information which has been supplied by the vendor at time of entry will be clearly stated in the catalogue, and updated information should be clearly displayed on the pens on sale day – please check this carefully.

TB TESTING

The date of each vendor's last whole herd TB test will be stated in the catalogue, along with the herd's current testing interval (6 monthly, 1 yearly, or 4 yearly).

The pre-movement TB testing of individual lots in order to attend the sale will be the responsibility of the vendor, and buyers are reminded to check requirements for any post-movement TB testing of animals moving onto their holding.

TYPE CLASSIFICATION SCORES

Any Type Classification scores listed in the catalogue will be accurate at the time of publication. Please note that scores are updated periodically – for the most up to date scores, always check the Grassroots Online Database.

KINSHIP REPORTS

Contact BWCS to find out the kinship of animals in your herd to your potential new purchases, or of the sale lots to one another.

Type Classification scores explained

What do the scores after an animal's name mean?

In this catalogue, you will find scores in brackets after the names of some of the animals listed: e.g. (EX90) or (VG85). These numbers refer to a system of linear assessment for beef cattle breeds, known as Type Classification.

The Type Classification scheme is run by the National Bovine Data Centre (NBDC), who conduct on-farm scoring of in-milk females and 24m+ bulls, in a way which gives the breeder practical information upon which to base future breeding decisions, as well as to be able to advertise all animals on their structural merit and that of any animals in their pedigree which would also have been classified.

When viewing these scores, take into account the maximum points caps which are applied to animals scored at a younger stage of life:

SCORING BRACKETS	MAX. POINTS CAPS
Excellent (EX) 90+	1st Calver 89 points
Very Good (VG) 85–89	2nd Calver 89 points
Good Plus (GP) 80–84	3rd Calver 93 points
Good (G) 75–79	4th Calver+ 97 points
Fair (F) 65–74	Bull 24m+ 89 points
Poor (P) 50–64	Bull 36m+ 97 points

Animals may be assessed multiple times throughout their life, giving the opportunity for their score to be increased as time goes on.

This assessment is useful for determining the structural qualities of individual animals and may be used as part of the overall consideration when buying new stock, alongside other factors such as breed type, kinship, and health status.

BRITISH LOP PIG SOCIETY

BRITISH LOP PIG SOCIETY
The Independent Pig Society Since 1920
Secretary: Celia Upchurch
Greenway Farm, 12 Litlington Road, Steeple Morden,
Royston, Herts SG8 0LX
Tel:01763 852193. Email secretary@britishloppig.org.uk

The British Lop is the rarest of all native pig breeds and is top of the RBST endangered list. There were only 43 boars and 163 registered sows and gilts alive in the survey carried out in 2026. Given this situation, and the current market, it is a credit to the breed and to the members that they have managed to produce so many top-quality breeding pigs for this show and sale. All pigs entered are fully registered with the Society. All pigs will be inspected by 2 British Lop Inspectors on arrival. The event will be run under National Pig Auction Rules. A 1% Society Levy will be charged to all Pig Vendors.

Judge for Show & Sale Classes: Martin Snell

Inspectors: Nick Kiddy and Kim Arden

The Final of the Lop of the Year competition will take place on Saturday 12th September at 9:00 am.

Judge for the Lop of the Year: Catherine Nicholas

Please note: The Show for the British Lop Pig Society will be held just outside the Calf Shed.
